

# Beyond Sports Taekwondo Fresh Start Scholarship Application

Our mission is to give individuals the tools they need to defend themselves, create the lives they want, and become leaders in their community. As each individual commits to their personal development, they will gain the ability to unify their mind, body, & spirit into a powerful Black Belt who will create their world through vision, achieving goals, service, and seeking greatness in every aspect of their life. However, we have often found that the people who need these skills are the most are unable to afford them. This scholarship addresses that problem and is a complete, all expense paid Taekwondo grant for a person who has gone through extremely difficult and traumatic experiences (such as abuse, rape, etc.).

This is a long-term commitment where we would be dedicated to helping you find success and growth in your Black Belt Journey. Upon submission of your completed application, we will select finalists. If you are selected, you will be contacted in order to schedule an interview to discuss your goals and to find the best fit for this scholarship. We currently have 1 scholarship available starting in September 2017, and funding would continue through your Black Belt Journey (a 3-5 year commitment). We hope to be able to fund more of these scholarships each year.
